From the Chairman:

In the eve of Global economic war, the importance of managing socio-economic crisis and supporting community in general mass got priority in all over the world. Being in south Asian region it got the highest attention through the efforts of social and voluntary organizations. The emerging of life changing items, continuous changes in technology and align the changes with human living index is become a key focus to our society. Rolling with the same spirit every class people of the society corner cannot cover it up and for that getting cooperation is become their “Necessity”. Community organization, voluntary association, NGO is absolutely playing a key role to deal with the doctrine of social Necessity.

People’s Welfare Foundation started its journey from Kaitra of Laksam upazilla under Cumilla district in the year 2004. The first and foremost obey effective of the organization that brought idea of change through financial support is now keeps as milestone initiative. The foundation brought out its micro financing activities with deepest concern to the need and radical changes of socio-economic scenarios of weaker section people of the area. Passing with glorious 16 years is apparently the result of challenges, relentless efforts, and dedications of employees and our valued community of all corners.

Bangladesh NGO Foundation playing a very important role to make the dream into action of Peoples Welfare Foundation. The NGO Foundation already funded to implements and achieved its initial targets on Sewing projects, Sanitations, Pure drinking water supply, Goat rearing, Tree plantation that go ahead smoothly.

The People’s Welfare Foundation is now managed by good numbers of NGO experts; social elites groups developed its work plan, department, and enacting policies, systems, approaches for overall good governance and internal control with standard.

WE are grateful to Bangladesh NGO Foundation, Micro Credit Regulatory Authority (MRA), MAC Foundation, Bangladesh Commerce Bank Ltd., Midland Bank Ltd., Cumilla tireless efforts of the Governing Body members, General Body members and all well wishers for support and extended cooperation in reaching our goal.

Like every year, we publish Annual report as a strong compliance of regulatory requirement and our openness policy of disclosure of information to our valued beneficiary and patrons. It assemblage with achievement, all projects completed in this financial period, ongoing projects, future plan and many more.

My heartfelt thanks extended to all who directly and indirectly associate with the foundation to achieve its targets.

Md. Kazi Nazrul Islam
Chairman

From the Chief Executive Officer:

It is time to think of 16 years back from today when we planted a seed named people's welfare foundation with a few tender leaves. Over the years it has grown, makes its entity as tree after experiencing a lot of challenges, problems, limitations, Global financial threats.

I am delighted to spell out that, the success of People's Welfare Foundation more static/advanced than we dreamt. The foundation has covered 106 villages along with 2,605 members and 1,912 borrowers, 19 unions, up to last financial year. The total savings generated by its members' of Laksam, Barura, Sadar South, Nagalkot, Lalmai, Chaddagram under Cumilla District reached at BDT 16,253,905 and the People's Welfare Foundation has disbursed loan of amount BDT 479,977,000 and loan of outstanding BDT 41,592,640 till the year ended 30th June, 2021.

This radical achievement and the chances of taking challenges energize and strivings us to work more for our future strong move and growth/development.

We are very much grateful to Micro Credit Regulatory Authority (MRA), Mac Foundation, Bangladesh NGO Foundation, Bangladesh Commerce Bank Ltd., Midland Bank Ltd., other Commercial Banks, Local administration, Upazilla Nirbahi Officers, Member of the Parliaments, Local Union Chairman, Deputy Commissioner Cumilla for their generous contribution and extending their helping hand.

People's Welfare Foundation observes that it is necessary to demonstrate its presence both at the center and the grassroots to promote rights-based approach and establish human rights. It is also important to join together hands of various stakeholders including NGOs to realize human rights in the country.

On Going Programs

MICROFINANCE PROGRAM

MICROCREDIT IN BANGLADESH

Any agency that is not controlled by Government can be regarded as NGO. The public perception of Non-Governmental Organizations (NGOs) is that, they are working for the common good of individuals or groups. The history of NGOs in Bangladesh could be traced way back to the British colonial period. Since the British era, NGOs in its traditional form have been working in Bangladesh as different religious trust-based schools, hospitals and orphanages. However, NGOs in Bangladesh got a radical transformation and turned into agents of development in the post-independence era. Since 1970s, NGOs therefore has become the part of the institutional framework of poverty alleviation in Bangladesh. The NGO sector in Bangladesh is an inseparable part of our society. Gradually, NGOs started to work in the field of group formation, credit, formal and non-formal education, health and nutrition, family planning and MCH (Mother and child Health) gender development, poultry and livestock, agriculture, sanitation, environment, human rights, advocacy, legal aids and many other fields. Untiring efforts and intrinsic zeal have led NGOs towards assisting the poor in poverty alleviation and to empower them in every aspect of social life.

Specially, a range of statutory and administrative regulations exists in Bangladesh for registration, prior review, project approval and utilization of foreign funds by NGOs, that is the real sources of NGO functioning. The legal framework has two major dimensions: one is laws for incorporation and providing legal entity to NGOs; and another is laws governing the relationship of NGOs with the Government. NGOs in Bangladesh are registered under different Acts. These are (1) The Societies Registration Act, 1860; (2) The Trust Act, 1882; (3) Voluntary Social Welfare Agencies (Regulation and Control) Ordinance 1961; (4) Co-operative Societies Act, 1925 and (5) The Companies Act, 1913 (amended in 1914). NGOs registered under these above-mentioned acts are controlled in accordance with (1) The Voluntary Social Welfare Agencies (Regulation and Control) Ordinance 1961; (2) The Foreign Donation (voluntary activities) Regulation Ordinance, 1978 (amended in 1982) and (3) The Foreign Contribution (Regulation) Ordinance, 1982. The highest number of NGOs is registered under The Societies Registration Act, 1980. The NGO Affairs Bureau (NGOAB) was established in 1990 with the authority to register and regulate all NGOs operating with foreign funds in Bangladesh. With a large number of laws, ordinances, rules and regulations applying to NGO operations, difficulties and inconsistencies have emerged. The whole legal framework needs to be revamped to facilitate the promotion of a healthy NGO sector and strengthen the national context for increased Government-NGO collaboration and partnership in functioning for the betterment of the people.

Bangladesh is the breeding ground of some world-renowned Non-Profit Organizations (NPO). NGOs mainly focus on Microfinance, Development Program and Solar Home System etc. The Microcredit Regulatory Authority (MRA), established by the Government in August, 2006 and all microfinance operation is regulated under MRA. Currently, 746 institutions (as of December 2020) have been licensed by MRA to operate Micro Credit Programs. But, Grameen Bank is out of the jurisdiction of MRA as it is operated under a distinct legislation- Grameen Bank Ordinance, 1983. Compared to other countries, Bangladeshi MFIs are doing exceptionally well in accountability. The MRA do an audit of MFI on quarterly basis, the PKSF does audit to their partners in every two months. This is not only a financial audit; it is a management audit too. These NGOs have to report to the DCs and UNOs. They also have to report to the NGO Affairs Bureau (NGOAB) of Prime Minister's Office of Bangladesh. The NGOAB also do an annual audit for each of their approved projects with regular field level monitoring.

In Bangladesh, 90% members are female in microcredit sector. Bangladesh is one of the poorest and densely populated countries of the world. Nearly half of the population lives under the poverty line, out of which 30 million are ultra-poor. During the period of 2020, MFI share to 31.2 percent.

The microfinance institutions (MFIs) in Bangladesh are facing a cash flow crisis amid the deadly Covid-19 pandemic. The MFIs did not collect loan installments from their clients for the last one and half months as the government halted nationwide operations. On the other hand, the rural people who make up majority of the clientele of these institutions did not get loans during that period despite a huge demand. Most of the mid and small levels MFIs are already facing hardships and difficulties in paying full salaries to their staff last month.

Under the situation, the MRA issued a circular for MFIs to operate on a limited scale until further notice. During the limited operation, microfinance institutions can distribute relief, pay back deposits, and provide loans from the stimulus package of Tk.3,000 crore for proper health safety measures.

The Asian Development Bank (ADB) tripled the size of its response to the novel coronavirus disease (COVID-19) pandemic to \$20 billion and approved measures to streamline its operations for quicker and more flexible delivery of assistance. The package expands ADB's \$6.5 billion initial adding \$13.5 billion in resources to help ADB's developing member countries counter the severe macroeconomic and health impacts caused by COVID-19. This fund will be provided to help governments of developing member countries implement effective countercyclical expenditure programs to mitigate impacts of the COVID-19 pandemic, with a particular focus on the poor and the vulnerable. Grant resources will continue to be deployed quickly for providing medical and personal protective equipment and supplies from expanded procurement sources. Refinance scheme for micro finance loan should be operated with ultimate interest rate in a range of 5-7 per cent. NGOs and MFIs (microfinance institutions) should be entitled to any central bank refinance scheme directly rather than through scheduled commercial banks.

Microfinance at People's Welfare Foundation

The Microfinance Program (MFP) of the organization, which began in 2004, has now been scaled up and winged with other projects to realize the availability of financial services for the poor households to reduce vulnerability and help the poor people to increase their income. The project has been focusing on increasing the income of rural poor through providing required financial support to the rural poor and vulnerable people. The micro credit loan disbursement is mainly made through three components namely Jagoron, Agrosor and Agriculture etc.

The Microfinance activity has been designed in such a form that it benefits the family with particular thrust to the children and women. People's Welfare Foundation has been providing micro-credit to its group members with a very systematic process generally accepted in the country. Micro-credit being a systematic process it has developed a very effective monitoring system so that the activity is kept in the right track and does not fall into problem due lack of proper supervision and management. The realization has been scheduled on weekly & monthly basis and the realization rate is 99.53%. People's Welfare Foundation provides basic orientation to the group members so that they understand the micro finance system and their role as a borrower. People's Welfare Foundation field area has a huge demand micro-finance. The source of Micro-finance program is supported by People's Welfare Foundation own fund, Mac Foundation, Bangladesh Commercial Ltd., Mercantile Bank Ltd., Midas Financing Ltd. & local borrowed fund.

Goals of the program

The major goal of Micro-finance program is to promote a sustainable socio-economic development in the life of the poor, landless and disadvantaged people by which of their good plan, implementation and properly resource allocation that help them to attaining a dignified livelihood in the family and the society as a whole impact.

People's Welfare Foundation has 101 village organizations with a membership of 2,605. The borrower of those members is 1,912.

Weekly village group meeting

Weekly group meeting is an important tool for organizing, mobilizing, utility and raising awareness of poor people which is fruitful to carry forward all development activities. Group meeting is focal point of all decision making and all development issues including microfinance. People's Welfare Foundation's microfinance is implemented through a group model whereby members form groups

of five and subsequently form centers composed of roughly six groups. Community Organizer holds village organization (VO) meetings each week.

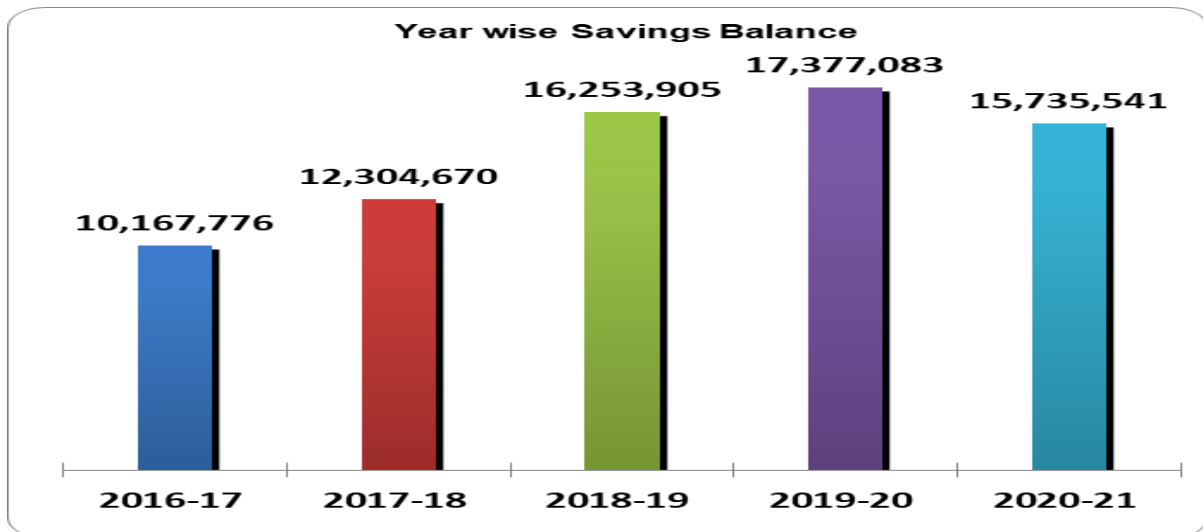

At such meetings, members propose & submit loan applications, make loan repayments and deposit savings. Target families are identified on the basis of sex, age and household income, after which interested persons are invited for group discussions regarding People's Welfare Foundation's micro credit procedures and regulations.

Savings Generation

People's Welfare Foundation makes the opportunity of the poor section to deposit a specific amount of savings on weekly & monthly basis through a process of organized group meeting. Participation in the saving generation scheme is one of compulsory activities decided and performed by the group members. Generally, the People's Welfare Foundation group member's savings range is Tk.50-100 per week. Till 30th June 2021 a total of BDT 15,735,541 has been saved by the group members through their weekly saving generation practice.

All savings are payable to the beneficiaries as when required by maintaining all formalities of the organization. The organization offers savings services to all beneficiaries keeping in the view of the following:

- The beneficiaries have a formidable capacity of savings. The organization provides a secured place to keep savings, increasing financial strength and capacity growth of the beneficiaries with view to reduce their dependency on external resources.
- Improve the sustainability of the institution by developing a relatively stable means to finance its loan portfolio.
- The rate of interest on savings is 6% per annum.

Microfinance

The target organized members have been provided with credit facilities from in the working areas. People's Welfare Foundation has disbursed a total of BDT 473,629,000 to its 1,912 borrowers and the amount of outstanding BDT 41,592,640 till the year ended 30th June, 2021. The beneficiaries have been used this fund in different economic development sectors and self employment activities locality. Under this program two vital services have been ensured from People's Welfare Foundation and these are micro credit management and savings generation to the group members.

The organization stresses on supporting economic activities to generate employment and income to reduce dependency and inequality among the disadvantage and the poor. The loan products have been developed in response to the demand of its beneficiaries. Policy on loan services of the followings:

- The organization provides loans when beneficiaries seek to support their economic activities.
- Loans are not linked to savings balances. Loans and savings services have been completely de-linked and made entirely voluntary.
- Loans to beneficiaries without collateral.
- Loan repayments are made weekly & monthly installment.
- Service charges are 25% (Reducing) per annum on loan disbursed respectively.

Year wise Borrower

Year Wise Loan Disbursement

People's Welfare Foundation organizers and staff members have a long experience in dealing in Microfinance. People's Welfare Foundation has developed a very practical policy for its micro finance operation. It has skilled and dedicated staffs who are continuously working to benefit its micro finance borrowers. The Foundation has already achieved appreciation, acceptance and reputation of the common mass in its working areas for its efficient micro finance operation. The target beneficiaries are satisfied to the foundation for supporting them. Through its microfinance activity is also deriving social benefit very systematically and continuous manner.

People's Welfare Foundation has been working for ecological balance of the country through implementing planned activities in its micro credit project areas. The participants of micro finance group are encouraged to cultivate vegetables non using chemical fertilizer and pesticide. It has providing supports to the villagers to use organic fertilizer and follow an integrated pest management system for cultivation. Community people are motivated to grow more trees and Nurseries have been developed to grow quality seedlings at the village level.
